

RECYCLING COFFEE BEAN

For Dogs: After bathing your dog, rub 1—2 cups of coffee grounds into the fur and then rinse well. This kills fleas and makes the fur silky smooth.

Cat Deterrent: Mix coffee grounds with chopped orange peels and sprinkle around the garden and flowerbeds to deter cats from using the flower bed for a toilet.

For the Garden: Coffee is slightly acidic and full of nitrogen and has copper, magnesium, phosphorous and potassium. It is safe for native plants, roses, azalea and other acid preferring plants.

It adds nitrogen to compost.

Worms are attracted to coffee grounds.

Slugs Snails and other insects dislike the acid and are not.

Mix coffee grounds into the seeds of carrot and radish before planting to keep pests away and increase the harvest.

Insect Deterrent: Sprinkle coffee grounds to deter ants. The scent of coffee grounds attracts cockroaches so put them into a cockie bait for extra attraction.

Hair Highlighter and Conditioner: For Brunettes and black hair: Wash & condition hair normally then apply a rinse an infusion of coffee grounds. To make the infusion—Put coffee grounds into 2 cups of boiled water for 15 minutes to cool. Sieve out the granules then rinse hair, or you can add the dye straight into a conditioner,
